"A dip in the tradition"

10/08/2015

I had to go to Ferrara for the weekend and found this house with a pleasant surprise. I have not been able to live a lot during the day, because busy, but I can say it is very cozy and charming. The owners are very friendly and social. The kitchen is very good. It is 25 minutes from Ferrara. I will return with more time

"Amazing"

"A paradise in the country."

06/21/2015

The availability of Mr. Di Chiara and homemade cakes and the thoughtfulness of Mrs. Stabile alone justify a stay in this corner of paradise: the structure is a bit 'in the street and is surrounded by nature with shade trees and brambles fruit. I could take advantage of apricots and strawberries that managers have invited me to collect. How could I stand perfectly without any street noise. I could use a bicycle to go to town (Casumaro) as well as I went there by walking (1.5 km). In short, the welcome and the property would justify a higher price. I'll just make a stay in September.
